

## Shorcontrol Safety Training Mission Statement

Shorcontrol Safety' training mission is to provide high quality, accessible training courses which will proactively support the objectives of our clients & delegates.

**We aim to achieve this by;**

- Ensuring that all standards set out by our external awarding bodies like PHECC, City & Guilds, QQI, SOLAS & IOSH are strictly followed.
- Delivering training that is valued, motivating and improves both the performance & safety of our delegates and clients.
- Delivering training that involves classroom, practical & live remote sessions.
- Ensuring that all our training programmes have clear objectives and ensuring that all delegates are aware of the purpose and scope of the courses to support their learning objectives.
- Constantly reviewing & updating our programme content and delivery through feedback, evaluations and research.
